## PLANS FOR TOBACCO AND CORN FAIR TO BE MADE WEDNESDAY

Directors of the Chamber of Commerce and Local Business Men Interested in Big Corn and Tobacco Fair Will Meet Wednesday to Plan For This Year.

At the meeting of the Board of Directors of the Maysville Chamber of Commerce held on Wednesday evening the next annual Corn and Tobacco Fair came up for discussion and the matter was pretty thoroughly gone into. It was the consensus of opinion of the directors present that the fair should be held in Maysville this fall and that it should be the biggest and best fair yet undertaken by the local interests.

In order that everything might get lined up and started on the proper track, the directors decided that on next Wednesday evening there would be a meeting of the directors and the local business men interested in seeing the fair this year a great success, held on next Wednesday evening at the Chamber of Commerce building when the details of the fair will be discussed and some definite plan will be decided upon.

Because of the influenza epidemic last fall and winter, the 1918 fair was called off by the committee in charge and for this reason it is thought that the fair this year should be much bigger and better. The local business men are very much interested knowing that it will be a great success and that it is one of the best advertisements the city of Maysville and her business men have. Nothing will be left undone to make the fair a really big one this year.

## ELECTRIC LIGHTS INSTALLED ON FERRY BOAT

Captain Stalder, of the Aberdeen-Maysville ferry, has received his electric plant and has installed it on the ferry Launce. On Wednesday night, for the first time, the lights were turned on. This gives to Maysville and Aberdeen one of the best equipped ferry boats on the Ohio river.

## FOR SALE

30,000 feet of Sheathing, good lengths and in splendid condition. See H. E. Pogue, Distillery Co. 29-1wk

## SPECIAL ON FLOUR

High grade Flour for a few days \$11.50 per barrel.

LEE WILLIAMS, Wood Street.

## LOCAL REVENUE OFFICE WILL BE CONTINUED

Collector of Internal Revenue For the State Informs Local Deputy Collector That Maysville District Office Will Be Continued.

Although it appeared on the face of arrangements that were made for eight branch Internal Revenue offices when the entire state was consolidated into one office and Hon. Elwood Hamilton, of Lexington, was appointed State Collector, that the district office in Maysville would be discontinued, it is now learned that such is not the case.

Mr. William Lindsay, deputy collector in charge of the local office, returned Wednesday evening from Lexington where he had been in conference with Collector Hamilton and at that meeting, Mr. Hamilton assured Mr. Lindsay that the Maysville office would be continued and that Mr. Lindsay would remain in charge of the office here.

This will be very good news to the many users of Internal Revenue Stamps who would have been greatly inconvenienced had the local office been discontinued.

## AUTO CRASHES INTO END OF BRIDGE

The beautiful new Nash automobile of Mr. Claude Watkins was rather badly damaged about 3 o'clock this afternoon when it crashed into the North steel girder on Eastern end of Limestone bridge. The car was driven by Mr. Elmer Watkins and was moving West on Second street. When about to enter the Limestone bridge, the machine's wheels caught in the car tracks and it skidded against the bridge. The front of the machine was smashed in considerably. Mr. Watkins escaped with a slight scratch on his nose.

Misses Adeline and Marguerite Cummins, of Third street, are spending their two weeks' vacation with relatives and friends in Cincinnati.

## POPULAR SECRETARY OF COMMERCE CHAMBER FILES RESIGNATION

Secretary Carl Dodds Resigns Maysville Chamber of Commerce to Take Similar Position at Northampton, Mass.—Has Made Best Secretary City Has Had.

CARL DODDS

Resigned Secretary of Chamber of Commerce.

An announcement that was received with general regret was made at a meeting of the Directors of the Maysville Chamber of Commerce on Wednesday evening when Mr. Carl Dodds, who has been Secretary of the local Chamber of Commerce for the past two years, read his resignation to take effect the first of September when he will enter upon his duties as Secretary of the Chamber of Commerce of Northampton, Mass., which position he accepted when on his recent trip East.

Mr. Dodds' resignation as read to the directors follows:  
Maysville, Ky., July 30, 1919  
Board of Directors,  
Maysville Chamber of Commerce,  
Maysville, Ky.  
Gentlemen:

It is with keen regret that I present my resignation as Secretary-Manager of the Maysville Chamber of Commerce. I have greatly enjoyed to work with the people of Mason County and do not expect to find a finer spirit of co-operation than has been rendered by the people of Mason County.

The position of Manager of the Northampton, Massachusetts, Chamber of Commerce was tendered me last week and after a careful consideration, I decided to accept the offer. The Board of Directors of the Northampton Chamber of Commerce are desirous of securing my services at the earliest possible date, but, naturally, desire that I remain until satisfactory arrangements be made so as not to inconvenience the Maysville Chamber of Commerce.

Assuring you of my deep appreciation of the many courtesies extended me by you and previous Boards of Directors, as well as by the membership of the Maysville Chamber of Commerce during my administration and hoping for the continued success of the Maysville Chamber of Commerce, I remain

CARL DODDS,

Secretary-Manager,  
Maysville Chamber of Commerce.

Mr. Dodds came to Maysville from Middletown, Ohio, about two years ago and since that time he has acceptably served under two Boards of Directors. While the active head of the business men's organization, he has been able to accomplish much for Maysville and Mason county and has made for himself friends in all walks of life. Mr. Dodds has not only made a wonderful success as Secretary of the Chamber of Commerce, being recognized as the best and most satisfactory Secretary the organization has had since its organization, but he has made the kind of a citizen Maysville needs and the kind that all regret to part with.

Maysville has never had a citizen who has been more unselfish with his own time and talents than Carl Dodds. Both Mr. Dodds and his talented wife have answered every call made upon them and those calls have been many during their residence here. Mr. Dodds and his wife have been leading factors in many civic movements which have not come directly under his work as head of the business men's organization and they have given to those various movements much of their success. Dodds has not only stood for the best things in business but as well he has stood for the best things in social and religious life and he will be greatly missed in the social and religious life of the city as well as in the business life.

## TOBACCO CROP OF STATE BURNING UP

Early Corn and Tobacco Both Beginning to "Fire" As Result of Long Dry Spell Throughout the State.

Louisville, Ky., July 30.—The summary of weather and crop conditions in Kentucky for the week ending July 29, 1919, follows:

Very little rain occurred during the week, while temperatures were generally above normal and sunshine abundant—conditions favorable for completion of thresher and hay harvest.

Drought is becoming serious in many districts. Early corn and tobacco are beginning to "fire" in some places, and tobacco is not spreading properly on account of dry weather. Late corn and late tobacco are still doing well, though tobacco is irregular in size; and are in a good state of cultivation, but need moisture to accelerate growth. Much tobacco is near the topping stage, but will not spread unless rain comes.

The progress of all growing crops is being checked by dry soil. Meadows need rain, especially clover, to start the second growth. Pastures are becoming short in many sections, especially in the west-central portion of the state. Truck and gardens are doing fairly well, but some vegetables are deteriorating, tomatoes being particularly affected by the dry hot weather during the week. Many black berries were picked, but they are drying upon the bushes, and the season of ripening has extended over an exceptionally long period.

J. L. KENDALL.

## ICE PLANT MAY BE REPAIRED TODAY

The Maysville Ice Plant which has been slightly out of commission for several days may be in working order today. Experts have been here for the past two days getting the repairs made. The break-down has not seriously interfered with the local supply of ice.

## CELEBRATES GOLDEN WEDDING AUGUST 3

Mr. and Mrs. M. C. Chisholm, formerly of this city, will quietly celebrate their Golden Wedding at their home in Newport, August 5th. Their many local friends will extend hearty congratulations.

He leaves Maysville to accept a position which gives him a much larger field of work. Northampton, the city to which he goes, has a population of more than 40,000. It is a manufacturing city in which some of the largest factories in the East are located. Nationally known and advertised goods are made there. The President of Prophylactic tooth brush manufacturing company is a member of Mr. Dodds' new board of directors as is also the President of a large manufacturer of socks and stockings.

Although the Northampton Chamber of Commerce is anxious to have Mr. Dodds with them as soon as possible, they are permitting him to remain here until after the Maysville Chauntiqua to assist in that meeting.

Mr. Dodds and his splendid family have won their way into the hearts of the people of Maysville and there will always be a spot there reserved for the Dodds. They will leave Maysville with everyone who had the pleasure of knowing them either in the business, social or religious life in the city deeply regretting their going and with the best wishes of everyone in the city of all classes. We doubt if there has been a family moved to Maysville in recent years who has so universally fastened themselves upon the general public.

## IMPORTANT NOTICE BY MAYSVILLE WATER CO.

A series of unavoidable mishaps at our pumping station have made it necessary for us to shut down our house pumps for several days. While those pumps are being repaired, and other replacements are being made, we are forced to depend upon one small tank pump for our supply of water for the city's fire protection, for the use of our public utilities and manufacturing plants, and for the strictly domestic consumption of a majority of the residents of Maysville. That tank pump can and will furnish us with a sufficient supply for those several purposes, if our consumers will exercise proper care in the use of water; but it cannot deliver enough water to our reservoir basins to offset any continuance of the excessive and illegal wastage of water through street and garden hose with which we have had to contend during the past several weeks. Consequently, we are compelled to notify all consumers that they must, at once, cease all street sprinkling, watering of gardens and lawns, washing of automobiles and other vehicles, and all other uses of our water supply which are not absolutely necessary to the safety of the property of our residents and the maintenance of the economic and domestic life of our city. Under no circumstances will we make any exception in the enforcement of this order, because of the gravity of the situation during the next few days. Any and every service from which water is used for any of the purposes prohibited by this notice, (until due notice is given, through the public press, that such usage is again permissible), will IMMEDIATELY be shut off, without any further notice.

We trust that every citizen will realize, at once, the imperative necessity of our action in this matter, and will lead us a whole-hearted support, to the end that we will not be forced to resort to drastic measures in a single instance. Dated July 31st, 1919.

MAYSVILLE WATER COMPANY, Incorporated.

H. C. SHARP, President.

A. G. SULSER, Secretary and Treasurer.

"THE HUMAN CHAIN" TOMORROW

Ruth Roland and George Larkin will appear in the third episode of "The Tiger's Trail" at the Pastime tomorrow. "The Human Chain" is the title of the third episode. Also Max Swain in "Saved By Wireless" comedy and Pathe News.

## AIRPLANES AGAIN COMING TO MASON COUNTY IN AUGUST

United States Recruiting Forces Will Again Bring Airplanes to Maysville and Mason County For Recruiting.

Since the army airplane was wrecked on the Anderson farm just above the city, an attempt has been made to have other planes brought here and the recruiting officers in the state have promised another plane as soon as a suitable landing field could be found so that there would not be another accident like the one which marred the last trip here.

Information was received today from recruiting headquarters in Louisville that there would be a plane here to fly over Maysville, Mason and adjoining counties for four days beginning August 27th. The plane will have a landing place at the Germantown Fair grounds, the officials of that fair having assured the army officers that a proper landing place will be provided.

People of this section will be glad to hear this as they have been very anxious to have another airplane visit this district.

## DEMOCRATIC CANDIDATE FOR ATTORNEY GENERAL HERE

Hon. Ryland Musick, of Jackson, candidate for the Democratic nomination for Attorney General, was in Maysville today shaking hands with friends and making many new ones. Mr. Musick is the only candidate on the Democratic ticket from the Ninth Congressional district and should receive the support of the Democrats in this district.

## SUGAR SITUATION TO BE CLEARED UP

Mayor Thomas M. Russell this afternoon received the following telegram from the Government Sugar distributors: "By direction of the President, reference your telegram 26th, the United States Equalization Board have been requested to take steps to alleviate your wants. They will wire you direct immediately. Hare Sales Squelch."

## BIG FEATURE AT WASHINGTON THEATER TONIGHT

The picture for the Washington Theater this evening was changed at last moment and one of the biggest features of the season will be shown. Douglas Fairbanks will be seen in "The Knickerbocker Buckaroo," which is said to be one great big show.

## WATER SITUATION IS SERIOUS; MAYOR WILL BACK WATER CO.

All Waste of Water in Maysville Must Be Stopped at Once or Supply Will Not Meet Emergency Demands In Case of Bad Fire.

Captain Harbub, United States Sanitary engineer, here to investigate the city's water system and Dr. J. H. Rice, County Health Officer, discovered late Wednesday that the water supply of the city of Maysville was being seriously threatened by the inability of the Water Company's pumps to carry enough water to the reservoirs to meet the big demand made by the people of Maysville.

The condition was immediately brought to the attention of the Maysville Water Company officials who have notified all persons that street sprinkling must stop and that all waste of water must cease. Notice to this effect appears in another part of this issue.

Realizing the seriousness of the situation, Mayor Thomas M. Russell, this morning made a personal investigation and immediately assured the Water Company that he would assist them in any way to keep a supply of water on hand. He says he intends to see that there is enough water in the reservoirs at all times to protect the property of the city from fire and he has officially notified all garages and livery barns that the washing of automobiles must stop until the situation is in hand.

It appears that the Health Officer, Government Engineer, Mayor and Water Company will reach some solution of the problem and that Maysville will not suffer a threatened water famine.

## HURT BY FALLING TIMBER

Roy Crockett, of Nepton, who had been working on the Licking river bridge on the Maysville Division of the L. & N. R. R., was badly hurt by a timber which fell a distance of ten feet and struck him in the mouth, knocking out several teeth and injuring his shoulder. He is now at his home at Nepton.

We will give an electric bicycle lamp with every bicycle we sell Saturday. All prices reduced.

J. T. KACKLEY & CO.

Mr. Roy Cochran returned this afternoon after a two weeks' vacation spent at Red Boiling Springs, Tenn.

## OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

## OUR NINTH DISTRICT CANDIDATE

The withdrawal of Hon. Clay Ciseo from the Railroad Commissioner's race a few days ago leaves but two candidates in that race—Hon. E. C. Kash, of Jackson, and Hon. John B. Eversole, of Hazard.

This Railroad District—the third—is made up of parts of the 6th, 9th, 10th, and 11th Congressional Districts of this state. Every one of these districts have candidates on the state Republican ticket except the Ninth. In the state Republican Convention at Lexington all Ninth District candidates withdrew with the general understanding that the Ninth District was to have the candidate for Railroad Commissioner. Nineteen of the 48 counties in the Third Railroad Commissioner's district are Ninth district counties and this district is entitled to the nomination.

Hon. E. C. Kash, of Jackson, is this district's candidate and in the primary election on next Saturday he should have the support of all Republicans in the Ninth district. Mr. Kash is a high class gentleman, qualified in every respect for this important office. Republican voters of Mason county should vote solidly on next Saturday for E. C. Kash.

## TOBACCO NOW OFFICIALLY IMMORAL

As an example of the tendency of the times there is quoted the recent decision of a great religious sect to enter upon a campaign for righteousness through a standing committee which wears the title of "temperance and moral welfare." It has set out to begin "a dignified but effective" campaign of methods against certain evils of the body politic.

In the list of things to be opposed are the use of narcotic drugs, the evil of hasty and improper divorce, gambling in all forms, exhibitions of prize fighting and boxing and finally—tobacco! It seems settled that the use of this herb has been finally placed in the catalogue of crimes against morality—sins, if you please—and the country may as well accept the inevitable result.

There will be left no middle ground for the prescribed smoker, chewer or snuffer; no plea available that it is being taken for medicinal purposes, which was the now rejected excuse of the thrice accursed tippler of alcoholic beverages. These unhappy people are now alike with the morphine fiend, the crafty, dishonest gambler, the disgraceful seeker of unhallowed divorce and the bloodthirsty brutes of the boxing platform. Indulgence in the Indian weed is, alas, the mark of the Beast upon the sinful brow.—Cincinnati Enquirer.

## THE MUTINY MYTH

There was no mutiny among the American troops in Archangel. The return of the vanguard of the expeditionary force has cleared that up. Mutiny is not in the American category today. It is not a part of the American makeup, and is inconsistent with the American temperament.

Americans have things in their own hands in America. There are ample orderly processes for them to do as they please in directing their own destinies—which are those of the nation. Abuse of temporary authority is certain to be overtaken by ultimate retribution. All the circumstances of American existence are different from those that breed mutiny and its multitude of alien kin.

The men who served in Russia were tried as severely as any body of troops in the war. They didn't know why they were there; they didn't know what they were to do; they campaigned in a strange country where the mercury was hovering between 20 and 40 degrees below zero; they were, according to one of their officers, "pitifully underfed." But as for mutiny! "Where do you get that stuff?" indignantly queried a doughboy of the 339th infantry.

War Risk Insurance premiums may be paid in monthly, quarterly, semi-annual or annual installments. This advice is issued by the Civilian Relief headquarters in answer to questions from Home Service sections.

JOHN B. EVERSOLE  
Republican Candidate For  
RAILROAD COMMISSIONER  
Primary August 2, 1919.

## NATIONAL THRIFT CAMPAIGN

### WHAT CAN WE DO WITHOUT?

When the Savings Division of the Treasury Department appointed Dr. J. Stanley Brown of Joliet, Illinois, in charge of a thrift campaign in the schools, organizations throughout the country began to formulate independent campaign through other channels.

In Chicago, a Do-Without Club of national scope has been formed to further the savings habit, and is furnishing free membership buttons and pledges to those in any part of the country who wish to join and save money for some definite purpose, and who send stamped addressed envelopes to headquarters, 643.635, 410 S. Michigan Ave., Chicago, for return literature. There are no membership dues and no expense to members.

Mrs. Roy Diekey, former editor of one of the national magazines, organized the Do-Without Club during the war as part of her work in connection with the Woman's Committee Council of National Defense.

"We should not lose the spirit either of saving or giving which the war encouraged," says Mrs. Diekey. "Dr. J. Stanley Brown says that everybody who 'sufficiently desires' can put away some part of every income. The Do-Without Club preaches systematic saving for the future good of the individual and a considered use of the pennies, dimes or dollars we expect to give to church, Sunday School, home charities, or other worthy objects. We believe the American public needs to learn to think about saving and think about proper methods of giving."

## METRIC SYSTEM WOULD HAVE FOILED THE KAISER

Germany Counted on Allies' Confused Weights and Measures.

San Francisco.—The lack of standards in weights and measures among the Allies gave Germany a great advantage in the waging of world-war, according to the messages received from prominent manufacturers of the United States by the World Trade Club of San Francisco. One of them, a large manufacturer of material used for making war munitions, President F. O. Wells of the Greenfield, Mass. Tap, Die, Machine Tool company goes so far as to declare that the Kaiser would not have dared to declare war if the United States and Britannia had been standardized with their allies in the vital matter of weights and measures.

The World Trade Club, representing 500 leading San Francisco manufacturing merchants, is promoting a campaign for the world-wide adoption of meter-liter-gram, the units of the metric system of weights and measures, now in use by practically all nations of the world except the United States and Great Britain.

The campaign has brought many responses of support from men like Wm. G. MacAdoo, David Starr Jordan, Nicholas Murray Butler, Ex-president Elliot of Harvard, Henry Van Dyke, Judge E. H. Gary, John Hays Hammond, Wm. C. Redfield, Theodore N. Vall, Otto H. Kahn, Geo. W. Perkins, Dr. Charles H. Mayo, The Lord Mayor of Manchester and many more.

## FROM WAR TO PEACE IN THE AUTOMOBILE INDUSTRY

As a single industry the automobile trade did more than its bit to help win the war. No only did manufacturers come up to specifications in quantity and quality of delivery, but they built better than it was thought they knew how. Proof of this was given the other day when, at an auction of old army cars in France, the French and the English bid higher prices for the cars than they cost the American Government new. An army of men was employed to run these trucks and cars on the firing line. They gained more experience in a month of that sort of work than they could have gained in a life-time of peace work.

The rolling stock will be left abroad, but the men are coming back. They are being released daily from the military service, and are returning in large numbers to civilian life. There is no lack of work for them to do. For the fleet of American trucks now coming into use for additional transportation facilities all over the country need just such men—men who have learned how to act in any emergency, who feel almost immediately the idiosyncrasies of every motor, who have acquired an efficiency under shell-fire that will make them leaders in their work in peace times.

Col. Arthur Woods, Assistant to the Secretary of War, who is in charge of the re-employment work for ex-service men, announces that a number of such men are now available for private employment. The automobile industry will not lose this opportunity of obtaining men who, to their pre-war ability, have added the exceptional training and experience of months on the firing line. These men will be in demand, and can be obtained through governmental and welfare employment agencies, who will put them in touch with employers who need their services.

The Red Cross is still busy thinking up ways and means to make the sick soldiers comfortable and contented. The latest innovation in the hospital is wireless ragtime.

By simply holding a metal clasp to the springs of his bed and putting a small receiver to his ear, a boy confined in bed may revel in jazz to his heart's content, without disturbing the buddy in the cot next to him whose nerves won't stand it. On the cord attached to the receiver is a small device for regulating the volume of sound. One boy wheeled himself out on the porch and hooked the metal clasp on a wire spoke in the wheel of his chair. It worked just the same.

No other way than the Grape-Nuts way can process wheat and barley into such tempting flavor.  
**Grape-Nuts**  
"There's a Reason"

## HOW LONG IT TAKES TO VOTE

To hear some anti-suffragists talk about women's having no time to vote, one would think the ballot box was something like the saloon habit. Here is the record of just how long it took a Wyoming woman voter to do the business up for at least six months: "Yesterday at 14 minutes past 11 o'clock I got on my hat and coat to go to vote at a special bond election. At 11:19 I was back in my

## STUDENT OF EUROPEAN CONDITIONS TO RETURN TO CHAUTAUQUA WITH NEW LECTURE.

Dr. Frank Bohn, Sensational Success of Last Summer's Chautauquas, to Speak Again This Summer on European Conditions.

With "Revolutionary Europe" as the subject of his address, Dr. Frank Bohn, world-traveler and keen student of government and economics wherever he goes, comes to Chautauqua again this summer and it is freely predicted that he will repeat his great success of last summer, if he does not actually surpass it.

Most Americans are wondering why so much of Europe doesn't quit fighting and settle down to work. There are from twenty to thirty separate wars or revolutions going on in Europe now—the exact number depends upon the day you make the count. These are bloody wars, most of them of considerable proportions. There is a reason for all this and it is important, as well as interesting, that we should know why these wars are going on. What does it all mean? We are confident Dr. Bohn can tell us and make it intensely interesting while he is doing it. He has been in Europe studying these matters most of the time since the close of his last summer's Chautauqua lecturing.

Dr. Bohn was interviewed recently by the editor of the New York Times and among other things he said: "The stupendous error which, with our pacifists and social liberals as mouthpieces, is now misleading opinion in Britain and America, including President Wilson and his fellow-conferers,

home again, taking off my gloves. In the meantime I had gone to the school building near by and cast my vote for bonds for good roads to be sold by the state of Wyoming—the total bond of \$2,800,000—and also cast my vote for the special \$200,000 bond to give this county a new county court house and jail."

It takes some women as long as this to powder their noses. It takes men longer to smoke a cigar. ....

is due simply to their false theorizing. They vainly conceive that Germany can jump from a feudal military autocracy into democratic socialism within twenty-four hours. They seem to believe that Russia can leap over fifteen hundred years of evolution, from primitive agricultural communism into a totally utopian and impossible communist industrialism."

## LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadersville, Ky.—Mrs. Cyuthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak....

I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon relieved with a few

doses of Black-Draught." Seventy years of successful use has made Theodor's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose. All druggists. J. 69

### PICK KENTUCKY CENSUS CHIEFS FOR NEW CENSUS

Names Generally Agreed Upon Wash-  
ington Dispatch Says—Pikeville  
Man Heads This District.

Washington, July 30.—While Secretary of Commerce Redfield was called out of the city yesterday shortly before it was expected he would announce the official list of census supervisors for the taking of the 1920 census, it is learned unofficially that the Kentucky supervisors have practically been selected. The official announcement is expected upon the secretary's return, but in the meantime the unofficial list, which probably will be found correct, is as follows:

First District—Unsettled, but probably either Luke A. L. Langston, of Murray, or Buddy L. Cantrell, of Princeton.

Second District—Richard Alexander, Calhoun.

Third District—Sam H. Uenrod, Ennis.

Fourth District—George H. Casperke, Brandenburg.

Fifth District—Charles L. Barker, Louisville.

Sixth District—William C. Elliston, Williamstown.

Seventh District—Joseph W. Morris, Newcastle.

Eight District—George H. Buchanan, Jr., Shelbyville.  
Ninth District—A. S. Ratliff, Pikeville.  
Eleventh District—James N. Meadows, Jamestown.

Mr. Morris, appointed for the Seventh District is secretary to Congressman J. Campbell Cantrill and has been for eleven years. He will not give up this position, but will merely be away on leave for the four or five months that will be required to complete his work and will then return to Mr. Cantrill's office. Each supervisor will have the appointment of the enumerators for his district.

### BLACK PLEASED WITH CHANCES FOR NOMINATION

Frankfort, Ky., July 30.—When Governor Black arrived here last night he said that he was feeling fine and as bright as a dollar over his prospects.

"Just say that I said that I am going to win this nomination," was his response when he was asked about his chances in the primary next Saturday. "My majority will not be less than 1,800 and it is likely to go away over that. You never saw such good crowds as I am having. The people are for me and I am going to win."

Misses Lizzie and Fanny Burrows of Forest avenue, went to Frankfort today for a visit with their sister, Mrs. Henry Ray.

### DOCTOR URGED AN OPERATION

Instead I took Lydia E. Pinkham's Vegetable Compound and Was Cured.

Baltimore, Md.—"Nearly four years I suffered from organic troubles, nervousness and headaches and every month would have to stay in bed most of the time. Treatments would relieve me for a time but my doctor was always urging me to have an operation. My sister asked me to try Lydia E. Pinkham's Vegetable Compound before consenting to an operation. I took five bottles of it and it has completely cured me and my work is a pleasure. I tell all my friends who have any trouble of this kind what Lydia E. Pinkham's Vegetable Compound has done for me."—NELLIE B. BRITTINGHAM, 609 Calverton Rd., Baltimore, Md.

It is only natural for any woman to dread the thought of an operation. So many women have been restored to health by this famous remedy, Lydia E. Pinkham's Vegetable Compound, after an operation has been advised that it will pay any woman who suffers from such ailments to consider trying it before submitting to such a trying ordeal.

### COMMITTEE OF 22 TO BUILD MEMORIAL TO KENTUCKY MEN

Maysville Man Is Member of General Committee Having Big State Memorial in Charge.

Authority to select plans, let contracts, decide as to the nature and size of the building, and power to expend funds raised to build the memorial building on the campus of the University of Kentucky will be vested in a joint committee of 22, composed of members of the general and executive committee, which will have charge of the campaign to be carried on throughout the State to raise \$300,000 to build a memorial to those men of Kentucky who died in military service.

This decision was reached at a meeting of the executive committee held Tuesday afternoon at 3 o'clock in Lexington.

E. S. Woolsey and E. H. Hines, chairman of the general committee, attended the meeting and gave details of the general plans for appropriate organization for the coming campaign. Appointment of chairmen in counties throughout the State was also discussed.

The committee which will be vested with the powers to make final decisions regarding the memorial building on the university campus will be composed of eleven members of the executive committee and eleven members of the general committee with E. H. Hines, present chairman of the general committee, probably at its head.

Chairman Hines was instructed to inform the general committee of the action taken by the executive committee at the meeting yesterday, and ask that the appointment from the general committee be made as soon as possible.

The memorial building, when completed, will be turned over to the trustees of the University of Kentucky by this body.

According to the statement made during the meeting Tuesday the work of appointing chairmen for the campaign in the various counties is progressing rapidly, and should be completed shortly. County chairmen have been selected in practically every county in the State by the committee, though many of these will have to declare their acceptance before the list can be announced.

Mr. W. W. Ball, Jr., of this city, is a member from Mason county of the general committee.

**OUR COLORED CITIZENS**  
Mrs. William Keys, who for the past three weeks has been conducting summer school in the Sixth Ward, is suffering from an attack of acute indigestion. She is now improving nicely and hopes to resume her work within a few days.

Prof. W. H. Humphrey of the local Colored High School left this morning to visit Covington, Louisville, Hopkinsville and Paris to make a final examination.

### Simple Operations Fitted Together

The business of Swift & Company is the fitting together of many simple operations.

No one thing in a packing business is particularly difficult for men trained to do it; but no one thing is enough.

Thousands of other operations, properly performed, are necessary for the completed processes. And someone must fit together all these thousands of simple operations.

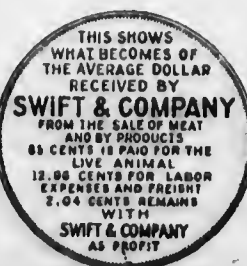

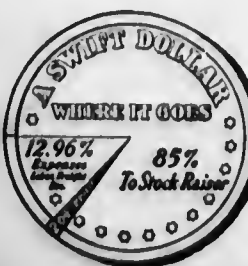

The success with which a packing business performs its function of supplying the best possible meat products to the consumer with the greatest possible benefit to both him and the producer depends upon the energy, brains, experience, and faithful effort of the men trained in the business.

Swift & Company turns the producer's live stock into meat for the consumer at a profit of only a fraction of a cent a pound, because it fits these operations together with the least waste, overlapping, and friction.

Do you believe government direction could do better?

Let us send you a Swift "Dollar".  
It will interest you.

### Why Central Can Not Answer Questions

The duty of the switchboard operator is to answer your number calls and get connections for you. If she stopped to answer questions, the number of calls would pile up and the service would be delayed; this would be an injustice to the other subscribers.

When in response to a question, the operator says: "I will give you Chief Operator," she is obeying her instruction. If you cannot find what you want in the telephone directory, ask the operator for "Chief Operator" and she will connect you with the "Chief Operator" where your questions will be promptly answered.

\$51,000 DAMAGES ASKED OF L. & N.

Paris, Ky., July 31.—Charles Monson, of Bourbon county, filed suit in the office of W. H. Webb, clerk of the Bourbon circuit court, against Walker D. Hines, Director General of Railroads, and the Louisville and Nashville Railroad Company, asking for \$25,000 damages for the burning of his large tobacco barn near Tarr's station on November 3, 1918.

The petition alleges that sparks from the defendants' locomotive set fire to the building, and alleges negligence on the part of the railroad company.

A similar suit was filed by Smith & Earlywine, asking damages of \$26,000 for the destruction of their crop of tobacco in the burned building together with a large number of tobacco hogsheads, baskets, etc.

## NEGRO CHARGED WITH HIGHWAY ROBBERY

Sheep White was in Police Court this afternoon on a charge of highway robbery. It will be remembered that about two years ago Mr. William Slack was beaten and robbed in the West end and it is alleged that White is the assailant. The case was continued for hearing until Friday afternoon at 2 o'clock.

## MAYORS-JUDGES TO BE ASKED TO AID DRUG ADDICTS

Kentucky Towns and Counties Will Be  
Appealed to In Effort to Care  
For Sufferers.

Mayors of all cities and judges of Kentucky counties will be advised to make immediate provision for the treatment and care of local drug addicts; the treasury department will be asked for a statement more specifically interpreting the latest ruling regulating the dispensing of narcotics, for the guidance of physicians and druggists; all organizations of a charitable and public-service character will be asked to cooperate in solving problems that have come with the new order, and the next legislature will be asked to enact legislation providing for accommodations at asylums for the treatment of drug users.

These four immediate steps were decided upon at a conference at the custom house in Lexington Wednesday participated in by Elwood Hamilton, collector of internal revenue; Thomas D. Slattery, of Covington, United States district attorney; G. C. Holt, of Huntington, W. Va., revenue agent, and C. B. Thompson, of Covington, collector of the Sixth district. Miss Linda Neville, district supervisor of the Red Cross and long a leader in philanthropic causes, also was called into consultation.

There are no government institutions for the treatment of addicts, and local arrangements for their care will take time. Meantime, physicians and druggists are in the dark as to limitations. In revoking the old law the Supreme court offered nothing in its place. The statement which Collector Hamilton asked for by wire this afternoon will clarify regulations, he hopes, and it will be given wide publicity. The major question is, may more than one dose be prescribed under any conditions whatever?

The opinion was unanimous that a state institution to care for addicts—who were regarded as much in need of restraint and care as lunatics or feeble-minded persons—was the only satisfactory solution, but this can not be available until the legislature has met and accommodations, either in a separate institution, or in connection with asylums, have been provided. Until such a time, cities and counties must make arrangements to take care of resident addicts. It was suggested that hospital quarters might be arranged, or, in some cases that the hospital wards of jails might have to be used.

Collector Hamilton asked the statement be made that he solicited letters from all organizations which could assist in applying the new order, with particular reference to local care and treatment of drug addicts.

## NEGRO BOYS JOY RIDING IN AUTO GET LECTURE

A number of small colored boys were before Chief of Police Harry A. Ort this afternoon upon complaint that they had taken the Lee Factory auto truck Wednesday night out for a joy ride. The boys were given a good lecture, promised the cow hide if they repeated their auto stealing and allowed to go.

## IMPOSSIBLE TO GET EARLY L. & N. TRAIN

The Chamber of Commerce has received a letter from the Superintendent of this division of the L. & N. in answer to a request that this division be given a passenger train that would reach Maysville earlier in the morning, stating that it would be impossible to put on such a train at the present time.

## OFFICERS ELECTED BY CAMP MEETING BOARD WEDNESDAY

Vacancies on Ruggles Campmeeting Board Filled By Election—Other Important Campmeeting News.

Ruggles Campgrounds, July 30.—The business session of the Campmeeting Association has held the attention of the ministers and many laymen today. Every moment between services has been occupied with business for the campmeeting. As was to have expected the election of five laymembers to membership on the Board of Directors was the chief item of interest. Two new faces will appear on the Board after today, George N. Harding of Maysville, and W. D. Hendrickson of Vanceburg. Laymen John R. Brodt, J. Robert Hinton and J. H. Richardson were re-elected to membership on the Board. The Association reviewed the work of the Board of Directors for the past year, giving their official O. K. to the actions of the Board. By action of the Association all ministers of the Ashland and Covington districts will receive free entertainment at the next campmeeting.

The matter of selling cottages was referred to the Board of Directors with power to act, with the suggestion that it would be good policy to sell the more expensive cottages and use the money in repairing other cottages and building a new rooming building some what similar to the Kentucky building. J. H. Richardson was re-elected historian for the Association. A resolution of appreciation was passed commending the excellent work of T. B. Ashley, chorister, J. B. Currey, pianist, Howell Richardson and A. W. Rowe, cornetists. Also great appreciation was expressed for the unexcelled work of Dr. Bunton, evangelist, Miss Hurd, Children's hour instructor, and J. B. Mahaffey leader of the young people's meetings.

The presence of I. M. Lane was greatly missed by the Association. Many were the expressions of regret because of his leaving us for the better world. A committee was appointed to draw up suitable resolutions and appreciations for his many services to Ruggles Campmeeting. These will be made a part of the records of the Association and a copy sent to the bereaved family.

At 4:30 p. m. the new Board of Directors met for organization. John R. Brodt was re-elected president; Rev. W. S. Peters, pastor of Third Street M. E. Church, Secretary, and J. H. Richardson, Treasurer. The Board immediately took up the matter of improvements and appointed a committee to select certain timber on the grounds to be sawed up for lumber to make improvements with. The matter of sale of cottages was placed in the hands of the president, secretary and the pastor of the Tolesboro church Rev. A. W. Insko. The Board will hold an adjourned session Monday morning to finish up the business of the present campmeeting.

The Rev. F. W. Harrop of Harlan, Kentucky, accompanied by his daughter, Mrs. L. W. Mitchell and son of Greenup, were visitors today. The presence of Brother Harrop is always welcome. He was extended the courtesies of a place in the Association meeting. Members of the Association always welcome his counsel and advice. It was greatly regretted that he could not remain for several days, but because of pressing business he returned this afternoon.

The Rev. and Mrs. J. F. Hopkins of Sardis, spent the day in camp.

Miss Esauline Traxel arrived today and will be the guest of Miss Marie Duzan for several days.

Mr. and Mrs. William E. Russell came out from Maysville for a few hours stay this afternoon.

Mrs. James E. Hutchison and Mrs. Carl K. Daulton with their children were out today for a visit with the Harding and Simons families. Their presence made four generations of the same family present on the campgrounds, the Hutchison and Daulton children being great grandchildren of Mr. and Mrs. George Harding. And Mr. Harding is young enough to be elected to the responsible position as member of the Campmeeting Board of Directors. They and their descendants are loyal to Ruggles Campmeeting.

Mr. Harold Hamrick today made the purchase of the Tully cottage, No. one, Tabernacle Square.

A large number of the younger set—and quite a sprinkling of the older ones—are enjoying a marshmallow party tonight since the close of the services. From the laughter coming from that section we would say they are having some big time.

Another day of most excellent services. Beginning with the early prayer service led by "J. H. R." at which the attendance touched a high mark; the morning worship at which our young friend Luther Godbey delivered a fine sermon; the young people's service at which Dr. Mahaffey further popularized himself in his address; the evening evangelistic service with another of those truly wonderful ser-

## STRUCK IN HEAD WITH HOE

Richard Ellis, a farm hand on the Joseph Davis farm in the county, procured a warrant in Judge Purnell's court this morning charging Jesse Snapp with assault and battery. Ellis charges that Snapp struck him in the head with a hoe while working in the tobacco patch late Wednesday.

## FRED DIENER GETS HOME

Fred Diener, son of Mr. and Mrs. George Diener, and who received a wound in France which necessitated the amputation of his leg, arrived home Thursday morning. Fred is looking very well considering the suffering he has passed through and he is receiving the glad hand from his many friends.

## MEMORIAL COMMITTEE IS DISCHARGED WITH THANKS

Mr. James B. Wood and his committee of business men who were appointed from the Chamber of Commerce to meet with the committee from the City Council and the Fiscal Court, was finally discharged at a meeting of the Board of Directors of the Chamber of Commerce Wednesday evening and the members were extended a vote of thanks.

## GETS 30 DAYS FOR STEALING SHOES

Ed Mason was in Police Court this afternoon on a charge of petit larceny for having stolen a pair of shoes. He was found guilty and Judge Whitaker gave him 30 days at hard labor in the county jail.

mons of Dr. Bunton—each and every meeting brought together a large crowd who were lifted and helped in a wonderful way. The musical feature of the day was the beautiful duet sung this evening by T. B. Ashley and Miss Lillian Muse. The voices of these two young singers blend so harmoniously that whenever they sing together it is a genuine treat to all who hear.

An innovation was introduced this n. m. by Superintendent Davenport. At the ringing of the second bell for morning prayers he had A. W. Rowe who stays at the preacher's cottage at one end of the grounds, blow the reveille on his cornet, then the cornetist Howell Richardson at the other side of the camp answered back with the same bugle call. This is a signal for all to assemble for prayers. If impossible to come to the tabernacle tenters are to have their morning prayers in their cottages at this call.

Every day it seems that some one—generally a preacher—loses something. Mahaffey took off his coat and left it in the woods while playing croquet, went off and left it like some other folks we might mention. When he found the coat it wasn't all there. Some one had "lifted" his watch. Then there is Brother Cline. He is short a five dollar bill lost somewhere on the grounds. It's hard to tell which of these brethren would be the happiest if their lost property were found and returned to them.

Another busy day tomorrow. First the census. It will be taken early in the morning. The result will be in Saturday's papers. Then the annual memorial service with the celebration of the Lord's Supper. The memorial service this year will especially touch on account of the death during the year of so many former campers. A full account with names will be given after tomorrow's service.

J. H. R.

Cattle—\$15.50.

Lambs—\$18.00.

Veal Calves—\$18.75.

## THE "CHIGGER" CROP IS LARGE

The chigger crop is said to be equally as large as the blackberry crop, and wherever the blackberry grows there can the chigger be found. It is told on a young gentleman who spent some time at Park Lake recently, that someone had told him that tincture of iodine was a specific for the bite of the pestiferous chigger, and that every time he felt the effect of one he at once applied the remedy. And they do say that when he left there he could easily have held a job in a sideshow as a tattooed man. They say when he put on his bathing suit it was a sight on the earth.—Flemingsburg Times-Democrat.

## \$1,000 AT EVEN MONEY IS BET ON ELECTION

Owensboro, Ky., July 20.—One of the first wagers on the result of the Democratic primary election was reported here tonight. It was said \$1,000 had been posted at even money that Governor Black would defeat Carroll at the polls Saturday.

## FINE PROGRAM FOR THE BAND CONCERT

Manager J. Barbour Russell, of the Maysville Boys' Band, announces that Prof. J. H. Young, leader of the band, has a splendid program worked out for the weekly band concert to be given at the band stand on Market street Friday evening at 7:30 o'clock.

The regular weekly prayer meeting service will be held at the First Baptist church this evening at 7:30 and the membership is urged to attend. Visitors are made welcome.

## How's This?

GEO. C. DEVINE

Optometrist and Optician

O'Keefe Building, Market Street

Upstairs over DeNuzie.

## LARGE BANKS

Are not being organized to just reduce running expenses; but to afford the people increased credit with which to meet present prices and larger business problems.

We know you cannot conduct your business with the same amount of money you formerly could. Larger banks are therefore necessary and we think we are now large enough to fully care for all of your financial wants.

Please come in and talk over any business proposition you may have in mind with us. We want to help you.

## BANK OF MAYSVILLE

## A Settle-Up-An-Estate Sale of Farm

In order to settle an estate, Manley Brothers have placed in my hands for QUICK sale, their farm of 137 acres located on a pike between Aberdeen and Manchester. 112 acres is in bottom land, fertile as the famous Nile Valley. A modern, eight room house and two good barns are on it, and all the farm is well fenced.

The price, \$17,000 will sell this farm in a hurry, so don't delay.
